# HIGH IMPACT EXHIBITION STANDS

Exhibit 3sixty is a highly reputable, fast growing exhibition stand contractor offering a full stand design & construction service.

Our realisation is to offer solid, good quality customer service which leads to building strong relationships with our clients resulting in a clear understanding of their needs and requirements.

Over 33 years of personal experience & product knowledge, along with our extensive in house resources, ensures every project is seamless not only in the design process but throughout the manufacture and subsequent onsite installation.

Our business retention strongly illustrates our high level of work ethic & commitment to our customer's values.

At Exhibit 3sixty we offer a free stand design service with a guaranteed 7-day turnaround from initial contact and receipt of your stand brief.

We would be pleased to provide a list of clients and testimonials for further support of our performance and capabilities.

## WHAT THE CLIENT SAID

Massive thanks for all your efforts in building this years stand. As I'm sure you're more than aware the show was a great success for us. We've had so many favorable comments about the stand from our staff and visitors; it's been quite remarkable. It's been a long road organizing the Toyfair event and your experience has made the process run a whole lot smoother. Having you on site personally during the build was also very welcomed. Your staff as always were very approachable and the help they gave installing our material was a real lifesaver!

Looking forward to working with Exhibit 3sixty next year.

A Job very well done.

## LEGO EXHIBITION STAND

A 'feature' exhibitor at any event, the iconic toy brand worked with Exhibit 3sixty to develop its ToyFair event experience. The Brief was to devise a 'Brand Route' where clients could experience Lego and its sub brands within their own themed environment. 16 Individually branded room sets were required all having their own theme and detailed brand and product demonstration requirements. Exhibit 3sixty's project managers took a lead role working with Lego's UK Marketing team to devise practical ways in which the themed room sets could be delivered on time and to budget.

The installation and output was extremely well received and the Lego themed environment route delivered as required a full and unique event experience. The client was, as expected, massively impressed with the service provided by Exhibit 3sixty and commented on how "quite remarkable the event has been".

## FIRESTONE EXHIBITION STAND

Having not exhibited for a number of years, Firestone came to Exhibit 3sixty with an understandable concern in getting their 'event' delivered to a very specific set of requirements while maintaining budget and meeting installation constraints.

With Exhibit 3sixty's dedication to total client satisfaction, Firestone soon realised they had discovered an event partner they could trust to meet and fully deliver all stand objectives. An unconventional brief covering two floor spaces required Exhibit 3sixty to negotiate with the Show organiser to authorise the 'combining' of the separate areas while still maintaining show regulations. Exhibit 3sixty delivered design concepts meeting the regulations while achieving the clients need to combine the separate floor areas resulting in a highly unique and aesthetically compelling design installation effectively adding 'value' to the client's brand presence at the event.

## WHAT THE CLIENT SAID

Once again I would like to say thank you for all the hard work you and your team put in to making our stand such a success and, as mentioned previously, we had many positive comments about it.

## VAILLANT EXHIBITION STAND

Delivering a succinct and streamlined design to win a competitive tender process, Exhibit 3sixty won the opportunity to collaborate with Vaillant to create and deliver an exceptional event experience that presented the Vaillant brand equally well as the services and products that were exhibited. The design was created to entice show visitors to the stand and then experience numerous product demonstrations following an intuitively designed 'traffic flow process' ultimately guiding visitors to a hospitality area where Vaillant staff could further engage with the prospective clients.

The stand required an extensive project management process to deliver all build components and services on time and always to budget. The final build was of an exceptional quality that helped reinforce the Vaillant Brand 'value' at the event with the client commenting, "little more could be asked for from the first time working together".

## WHAT THE CLIENT SAID

We were (me particularly) so impressed with the quality, the service and the impression the stand gave.

Thank you for everything you did as well with shipping product around. I know it's been a bit of an interesting one for you.

# MODULAR EXHIBITION STANDS

Modular exhibition stands are extremely versatile and cost effective enabling us to meet the more demanding budgets.

Designed in-house these stands are tailored specifically to your corporate identity and branded accordingly showcasing the products or services you provide.

The nature of modular stands not only reduces manufacturing costs but also allows you the client to reuse any graphic panels for future shows making further savings.

All prices are based on local venues and include floor covering, hire of stand structure, labour to erect and dismantle, transport, plus an allowance for lighting, graphics and furniture hire.

Example 1 (6m x 3m)  
Price: **£5,800.00** 18m<sup>2</sup>

Example 2 (5m x 3m)  
Price: **£3,500.00** 15m<sup>2</sup>

Example 3 (7m x 4m)  
Price: **£6,900.00** 28m<sup>2</sup>

Example 4 (5m x 6m)  
Price: **£4,500.00** 30m<sup>2</sup>

Example 5 (2m x 2m)  
Price: **£2,200.00** 4m<sup>2</sup>

Example 6 (10m x 6m)  
Price: **£9,700.00** 60m<sup>2</sup>

Example 7 (7m x 6m)  
Price: **£8,000.00** 42m<sup>2</sup>
