

FOAMEX ARTWORK PREPARATION

- High-resolution or vector **PDF** files.
- CMYK colour format. If your artwork contains assigned **Pantones**, we will automatically print to the closest match possible.
- Minimum of 75ppi at full size, or 300ppi at 25% scale.
- Artwork is set up at the required size OR reduced in scale; eg. 25%, 50%.
- Supply artwork in one piece, we will then split if required.
- **10mm bleed** all round when supplied actual size or scaled appropriately eg. 2.5mm bleed when saved at 25%.
- **No** crop marks or print registration marks.
- **No** overprint in your files.
- Either **outline all fonts** or if not possible please supply.
- Please **embed** images in artwork.
